

Marriage Records of Taney County, Missouri

1885-1900

Copied by members of
TANEYCOMO CHAPTER
DAUGHTERS OF THE AMERICAN REVOLUTION

Taney County, Missouri was formed from Greene County in 1837. Forsyth is the county seat of Taney County. Census records available 1840-80.

County records were destroyed by fire in 1885, but some real estate records are in existence through the records of Mr. Chas. H. Groom, Abstractor, at the time, who was convinced that a second set of records should always be maintained.

In the following marriage records, affidavits are recorded proving the marriage of certain parties prior to 1885, the records of which were destroyed in the fire, and they desired to again record their marriages for posterity.
